Cornellà de Llobregat (Barcelona)

Sara Ortega Zúñiga

<Web Developer />

About me

➤ Newly graduated in **Web Development**.

+2 years of intensive training in the academy plus constant work on personal projects have provided me with experience and knowledge in current languages and technologies. Currently looking for a dynamic and collaborative team to join, contribute and also grow in this wonderful world of technology.

Formation

- Higher National Diploma **COMPUTER SCIENCE**: **WEB DEVELOPMENT**
 - Institut Obert de Catalunya (IOC) - 2021-2023*

Technologies and languages

Frontend	➔	HTML, CSS, JavaScript, React.JS, Bootstrap, JQuery, JSON
Backend	➔	Java,, Spring Framework, Spring MVC, Spring-Boot, Thymeleaf, Node.js
BBDD	➔	SQL, MySql, PostgreSQL
Others	➔	Git, Github, Agile-Scrum, Visual Studio Code, IntelliJ

Projects

- **Dibu-Dahlia** <http://dibudahlia.saraland.es>

Personal project – Website created at the request of my young daughter. It's an art gallery where she can showcase her drawings and crafts to family and friends. It's built with React.js consuming a custom API (Node.js) and deployed on Railway.

Tech – Stack: *React.js, Node.js, Express, MySql*

- **Glam-Reserve** <https://github.com/Dahliares/GlamReserve>

Final Studies Project - Health and Wellness Services Booking Website. A team project that allowed me to learn how to create a web application from scratch, from design to deployment. The project was organized using Taiga - Agile Scrum. Deployed on Heroku (currently offline).

Tech – Stack: *Java, Spring Boot MVC, Thymeleaf, Junit - HTML, CSS, JavaScript, Bootstrap, PostgreSQL*

- **SaraLand** <http://juegos.saraland.es>

Personal Project - Website where I gather small applications that allow me to experiment as I learn new languages and frameworks. It's constantly under development and improvement.

Tech – Stack: *HTML, CSS, JavaScript, JQuery, Bootstrap, Ajax, Json.*
